

Serial No. 09/434,161

Corrected Response to Office Action Mailed July 30, 2003  
December 22, 2003**REMARKS**

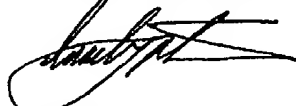

As required by the Notice of December 2, 2003, the "Amendment to the Claims" Section of the paper dated October 30, 2003 has been corrected.

It is believed the correction is required in order to identify claims which were prosecuted in the parent application, although such claims were not included in computation of the filing fee and, thus, were believed not to constitute original claims in the present application. Thus, the corrected Section now identifies those claims, specifically claims 1-2, 5-13, 17-19, 25-27 and 33-37, as having been cancelled.

The corrected section of the October 30, 2003 paper is enclosed herewith.

The Examiner is requested to inform the undersigned if any further issues or questions should arise with respect to the amended and corrected claims.

Respectfully submitted,  
CLARK & BRODY
